Bicycle Material Request Form

Thanks for your interest in helping us to redirect bicycle related materials from landfill through reuse projects. Due to the high interest in materials and limited resources, we are only able to consider requests for bicycle materials involving projects that are not for profit, and have a direct beneficial impact for our community. Please keep in mind that this form is only for bicycle materials that are unsuited for use in our refurbishment program and are therefore of limited use or function. All requests are reviewed by CCC staff, with special emphasis upon how your project relates to our local community and reuse.

Please answer the following questions about the needs of your project, and feel free to be as specific as possible or attach additional pages or related material.

Briefly describe the intended project

How does this project benefit the local community and/or bicycling within Portland?

Please describe the quantities and type of material that you are requesting.
